

PRESS RELEASE

For Release: March 1, 2010

Haulotte Group Announces New North American Zone Leadership

Mr. Michael Kuharik will assume the responsibility of North America Zone Manager for Haulotte Group effective March 1, 2010. Originally from the Cleveland area, Mr. Kuharik most recently held the position of General Manager for Emerson Climate Technologies in Ontario, Canada.

Alexander Saubot, CEO of the Haulotte Group, states: "Michael has both the great experience and a customer focus to continue our initiative of improving our presence in North America. I wish to thank Jeff Ott for having been such a contributing factor in merging the strengths of Haulotte Group & BilJax in North America."

Innovation, customer proximity, and local presence worldwide have allowed Haulotte Group to become a global manufacturer of people and material lifting equipment. With the acquisition of BilJax, one of the most recognized names in the rental industry, the Haulotte product line has expanded to include scaffolds, trailer mounted boom lifts and event staging and seating.

Haulotte Group North America, under the new leadership of Michael Kuharik, is a successful combination of full line of access equipment and dedicated people.

Mr. Michael Kuharik
North American Zone Manager for Haulotte Group
